Epson **TM-L500A Ticket** Printer
Get fast and flexible printing for tickets with the Epson TM-L500A Ticket printer from Europe's number one POS printer manufacturer*.

The TM-L500A Ticket helps cut your ticket queues with a print speed of up to 250mm/sec, and works with a wide variety of paper types – including thick media for high-quality printouts of both text and graphics.

Adding to the TM-L500A Ticket's adaptability, its small footprint allows it to fit easily into most environments, including kiosks, freeing up your valuable counter space. And you can customise it to suit your needs with the optional external paper roll holder accommodating paper widths of 50, 54, 80 and 82mm.

Even the most inexperienced operator will find the TM-L500A Ticket easy to use. The included driver allows printing from any Windows® application, and the printer is simple to integrate with USB and serial interfaces. It also features the world's most commonly-used POS communication set for printers, ESC/POS, making software implementation a painless task.

KEY FEATURES

- Thermal line printer for tickets
- Works with a wide range of paper
- Easily switch paper types with paper detection sensors
- Print speeds of up to 250mm/sec
- Save counter space or mount in kiosks thanks to small footprint
